

# Start Toasting With Jam!

**New:** Create DVD music albums with hours of full quality digital audio or rich Dolby Digital sound. Now your DVD player can make your parties sound even better.

**New:** Share CD or DVD burners across a network or the Internet with other Toast 6 Titanium users via ToastAnywhere™.

Toast with Jam 6 — all the power, performance, and simplicity you've loved for over 10 years, with these exciting new enhancements:

## Plug & Burn™

Effortlessly turn your DV camcorder footage into a Video CD, Super Video CD, or DVD. Plug in your camera and a weekend's worth of video becomes a finished disc, automatically.

## ToastAnywhere™

Share CD or DVD burners across a network or the Internet with other Toast 6 Titanium users. A single burner can now serve an entire home or office.

## Motion Pictures

Turn your still photos into stunning movies complete with Hollywood-style pan and zoom motion effects, crossfades, and soundtracks. Create an exciting cinematic experience with ease.

## DVD Music Album

Create party mixes on a DVD with hours of full quality audio. On-screen menus help you navigate to that perfect track.

## Sound Like A Pro

Create DVDs with the Hollywood-standard Dolby Digital sound. Superior compression helps you fit more video and music on your discs while maintaining the best possible fidelity.

## High Fidelity Made Fun

### Jam

- **New:** Create DVD music albums complete with on-screen menus and buttons. Supports up to 24 bit audio files.
- **New:** Create audio and video DVDs with Hollywood-standard Dolby Digital sound. Superior compression rates deliver the highest fidelity and help you fit more on your DVD.
- **Improved:** Mix like a DJ and transform your tracks into a professional quality CD. Visually create dynamic crossfades with drag and drop ease. Adjust output levels, trim unwanted portions, set pauses and more.

## Music Made Perfect

### Toast

- **Improved:** Create perfect CDs from any QuickTime audio files or iTunes tracks.
- **Improved:** Digitize your vinyl records and tapes, or record live audio performances, with a completely re-engineered CD Spin Doctor® 2.
- **Improved:** Reduce noise, pops and clicks and enhance the sound with included filters, or add your own 3rd party VST effects.
- **Improved:** Design personalized disc labels, case covers and inserts.

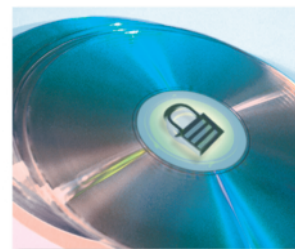

## Photos Made Fun, Videos Made Easy

### Toast

- **New:** Create Video CDs, Super Video CDs, or DVDs with menus, buttons and chapters, and view them on a home DVD player or computer.
- **New:** Motion Pictures software turns your still photos into stunning movies. Automatically add Hollywood-style pan and zoom effects, crossfades and soundtracks.
- **New:** Create fast and easy full screen slide shows and watch them on a home DVD player or computer.
- **New:** Plug & Burn™ and create video discs from your DV camcorder, automatically and effortlessly.

## Data Made Safe, Copies Made Simple

### Toast

- **New:** Back-up folders and files to CD, DVD, network or Web storage, automatically.
- **New:** Compress your data up to 50%<sup>1</sup> on CDs or DVDs.<sup>2</sup>
- **New:** Secure your data with 128-bit encryption and password protection.<sup>2</sup>
- **Improved:** Copy an unprotected CD or DVD with a single click.
- **New:** Toast It™ and save time — burn directly from the desktop.

<sup>1</sup> Results vary depending on source files.

<sup>2</sup> Compression and encryption available on "Mac only" CDs and DVDs.
